

#### DZ20230526

#### **Industrial Economy**

\*MoF: The Chinese authorities have released information about the cybersecurity review of products sold in China in accordance with the law. The review of Micron is a necessary measure to safeguard national security. The Chinese government is determined to promote a high level of opening-up, continue to improve the business environment and is willing to share China's development opportunities with other countries in the world.

\*Q1 China auto exports surpassed those of Japan and became the largest exporter for the first time. MoF will work with relevant departments to strengthen transportation guarantee, promote the medium and long term strategic cooperation between automobile and shipping enterprises and expand automobile export transportation capacity, encourage automobile enterprises to cooperate with domestic and foreign financial institutions to innovate financial products and services to better meet the needs of enterprises, support automobile enterprises to improve international marketing and after-sales service system, enhance overseas brand publicity and establish a good brand image.

\*The Central Committee of the CPC and the State Council issued the outline of the National Water Network Construction Plan which pointed out to speed up the building of the backbone of the national water network and scientifically advance the planning and construction of a number of major diversion and drainage projects.

#### Co Focus

\*NVIDIA US stocks rose more than 20% before trading, the Q2 revenue outlook released previously exceeded expectations. The co significantly increased the supply of data center chips and chip supply will increase significantly in the second half of the year.

\*CATL and JA SOLAR reached a cooperation to jointly accelerate the "double carbon" target process during the Shanghai SNEC exhibition.

### May 25 Block Trade Info
